SHEPLATES TERMS & CONDITIONS

Effective Date: 7 October 2026

1. Introduction and Acceptance

These Terms & Conditions (“Terms”) govern your access to and use of Sheplates and your purchase of products and services made available through the Sheplates web platform and WhatsApp ordering channels. By accessing Sheplates, creating an account, placing an order, or otherwise using the platform, you agree to these Terms.

If you do not agree with these Terms, please do not use Sheplates.

2. About Sheplates

Sheplates is a hyperlocal food marketplace that enables customers to discover local food and food-supply businesses and place pre-orders through the Sheplates web platform and WhatsApp. Sheplates currently operates in Chennai, Tamil Nadu, India.

Businesses listed on Sheplates may include home chefs, home bakers and snack suppliers, meat/egg/fish shops, grocery stores and rice mandis, vegetable and fruit shops, dairies, caterers and other approved local businesses (“Vendors”).

3. Marketplace Model and Vendor Relationship

Sheplates provides the technology and marketplace through which customers can discover Vendors and place orders. Products and services are supplied or fulfilled by the applicable Vendor.

Vendors are independent businesses and are responsible for their products, pricing, availability, preparation, quality, packaging, applicable licences, taxes and fulfilment obligations. Sheplates does not manufacture or prepare the products listed by Vendors unless expressly stated otherwise.

Sheplates requires applicable Vendors to satisfy its onboarding and verification requirements, including FSSAI requirements where applicable.

4. Eligibility and Customer Account

You may browse Sheplates without creating an account. An account is required to place an order.

You must provide accurate and current information when creating an account or placing an order. You are responsible for maintaining the confidentiality of your account and for activity carried out through it.

Sheplates may restrict or suspend access where it reasonably believes that an account is being misused, fraudulent activity is involved, or these Terms are being violated.

5. Products, Menus and Vendor Information

Product names, descriptions, photographs, prices, availability, delivery/pickup options and other Vendor information are provided through the applicable Vendor listing and may change.

The Vendor is responsible for ensuring that its product information, pricing, availability and applicable legal disclosures are accurate and current.

Sheplates may display information supplied by Vendors and may organise, categorise or present that information to help customers discover Vendors.

6. Ordering and Pre-Orders

Sheplates primarily facilitates pre-orders for future delivery or pickup slots. Customers may select a Vendor, browse available products, select quantities and choose an available delivery or pickup option before placing an order.

Orders may be placed on days and during ordering periods supported by the applicable Vendor. Ordering cut-off times, delivery slots and availability may vary by Vendor and category and will be shown through the applicable Vendor page or ordering flow.

There is no blanket minimum order value across Sheplates. A Vendor may specify a minimum order value where applicable.

At present, a customer can place an order with one Vendor at a time. Multi-Vendor checkout may be introduced in the future.

7. Pricing, Taxes, Platform Fee and Delivery Charges

The price payable for products is determined by the applicable Vendor. Applicable taxes and other mandatory charges will be presented in the ordering flow where applicable.

Sheplates currently charges a platform fee of ₹5 per order. The applicable platform fee is displayed before payment.

Delivery charges, if applicable, are determined by the Vendor and are displayed to the customer before payment.

The total amount payable by the customer will be shown before the customer confirms payment.

8. Payment

Orders are paid online through the payment methods made available by Sheplates, which may include UPI, cards, net banking and wallets.

Payment is collected at the time of placing the order. An order is treated as successfully placed only after payment is successfully processed and the order is submitted to the applicable Vendor, subject to Vendor acceptance.

Sheplates does not store customers' card numbers, UPI credentials, banking credentials, passwords or other payment-instrument credentials. Sheplates may retain transaction-related information such as payment status, transaction/reference ID, amount, date and order details for processing, reconciliation, customer support, accounting and legal purposes, as described in the Privacy Policy.

9. Order Acceptance, Rejection and Status

Placing an order does not by itself guarantee Vendor acceptance. The Vendor may accept or reject an order based on availability, operational capacity or other legitimate operational reasons.

Where a Vendor rejects an order after payment has been made, Sheplates will notify the customer and initiate a refund to the original mode of payment in accordance with the applicable refund policy.

After acceptance, the Vendor may update the order through the supported order-status process, including preparation and dispatch/ready-for-pickup stages. Customers may receive status updates through WhatsApp or other channels made available by Sheplates.

10. Cancellation, Refunds and Rescheduling

10.1 Customer Cancellation

Customers cannot cancel an order once it has been accepted by the Vendor.

Before Vendor acceptance, a customer may contact Sheplates Support to request cancellation or modification of an order. Such requests are subject to the order status and operational feasibility and are not guaranteed until confirmed by Sheplates.

10.2 Vendor Rejection

If a Vendor rejects an order, Sheplates will notify the customer and initiate a refund to the original mode of payment in accordance with the applicable refund policy.

10.3 Vendor Cancellation After Acceptance

If a Vendor cancels an already accepted order, Sheplates will notify the customer and initiate a refund to the original mode of payment in accordance with the applicable refund policy.

10.4 Refund Method and Timing

Where a refund is approved, Sheplates will initiate the refund through the original mode of payment. The time taken for the amount to appear in the customer's account may depend on the payment method, payment service provider or banking system.

10.5 Order Changes

Requests to change an order before Vendor acceptance must be routed through Sheplates Support. Changes after Vendor acceptance are generally not permitted unless the Vendor and Sheplates confirm that the requested change is operationally feasible.

11. Subscriptions — Pause, Restart and Rescheduling

Where a Vendor offers a subscription, the subscription terms, frequency, products, delivery/pickup schedule and price will be displayed before purchase.

Customers cannot cancel an active subscription through the normal cancellation process. Customers may request to pause, restart or reschedule a subscription by contacting Sheplates Support through the available support channels.

A pause will apply to future subscription orders that have not yet been confirmed. Orders that have already been confirmed or delivered will not be affected by a subsequent pause.

Any subscription change is subject to operational feasibility and confirmation by Sheplates and/or the applicable Vendor.

12. Delivery and Pickup

Delivery slots are determined by Vendors and may vary by Vendor and category. Home-cooked meals are generally offered around breakfast, lunch or dinner, while other categories may offer morning and/or evening slots.

A Vendor may offer delivery only, pickup only, or both. The available option will be shown on the applicable Vendor page or ordering flow.

Where delivery is offered, the Vendor is responsible for arranging delivery directly or through its delivery arrangements. Delivery charges, where applicable, are displayed before payment.

For pickup orders, the customer is responsible for collecting the order at the Vendor's stated pickup location and within the applicable pickup window.

13. Food Quality, Packaging, Allergies and Product Responsibility

Vendors are responsible for food preparation, product quality, hygiene, packaging, ingredients, applicable declarations and compliance with applicable laws and regulations.

Customers should review product information provided by the Vendor and communicate any relevant requirements to Sheplates or the Vendor where the applicable communication channel permits.

Sheplates does not provide medical, allergy, nutritional or food-safety advice. Customers with allergies, medical conditions or specific dietary requirements should make their own assessment and, where appropriate, seek advice from a qualified professional.

14. Customer Responsibilities

- Provide accurate name, mobile number, delivery address and other information required to fulfil the order.
- Ensure that someone is available to receive or collect the order during the selected slot, where applicable.
- Review the order details, price, delivery/pickup option and applicable charges before payment.
- Use the platform and WhatsApp ordering channels lawfully and not for fraudulent, abusive or misleading purposes.
- Not misuse Vendor or customer information obtained through Sheplates.

15. Promotions, Offers and Coupons

Vendors and/or Sheplates may offer promotions, discounts, coupons or other offers from time to time. Each offer may have its own eligibility conditions, validity period, usage limits and exclusions.

Unless expressly stated otherwise, promotions cannot be combined and have no cash value. Sheplates may withdraw or modify an offer where permitted by applicable law.

16. Ratings, Reviews and Feedback

Customers may be permitted to submit ratings, reviews and feedback about Vendors or orders. Feedback should be truthful, relevant and not unlawful, defamatory, abusive, misleading or infringing of another person's rights.

Sheplates may moderate, remove or decline to publish content that violates these Terms or applicable law.

17. WhatsApp Ordering and Communications

Customers may place orders and receive order-related communications through WhatsApp where the feature is available.

Order updates may include acceptance, preparation, dispatch or other status information. Sheplates may also use WhatsApp, email, SMS or other available communication channels for transactional and support-related communications.

Only Vendors for whom Sheplates has enabled or permitted direct customer contact may communicate directly with customers through WhatsApp. Otherwise, order-related communication will be coordinated through Sheplates Support/Operations.

18. Agentic Commerce and Artificial Intelligence (AI)

Sheplates may offer AI-powered assistants, automated systems and agentic commerce features through its web platform, WhatsApp services, mobile application or other digital channels. These features may help customers discover Vendors and products, search or compare options, receive recommendations, obtain support, manage carts or subscriptions, and perform other actions supported by the Platform.

- AI assistance and authorisation: AI-generated suggestions or responses are provided to assist customers. An AI feature may take an action only within the permissions and instructions provided by the customer and the functionality made available by Sheplates. Where an action requires customer review, confirmation or authorisation, it will not be treated as authorised merely because the AI suggested it.
- Order and payment confirmation: Before an order is submitted, customers should review the Vendor, products, quantities, prices, delivery charges, platform fee, applicable taxes, delivery or pickup details and total payable amount shown in the ordering flow. Orders and payments will be submitted through the applicable ordering and payment process, with any confirmation or authorisation required for that action. An AI conversation or recommendation alone does not constitute a completed order or payment.
- AI-generated information: AI-generated responses, recommendations, summaries, product details and availability information may be incomplete, outdated or inaccurate. Customers should verify material information in the Vendor listing and ordering flow before making a purchase. AI features do not provide medical, allergy, nutritional or food-safety advice; customers should rely on appropriate Vendor disclosures and qualified professionals where necessary.
- Vendor responsibility: AI-generated content does not replace the Vendor's responsibilities under these Terms, including responsibility for product information, prices, availability, ingredients and allergen disclosures where applicable, product quality, food safety, packaging and fulfilment.
- Third-party services: Some AI or agentic commerce features may rely on third-party technology or AI service providers. Use of those features may also be subject to applicable third-party terms and privacy information. Sheplates will handle personal information in accordance with its Privacy Policy and applicable law.
- AI memory, preferences and history deletion: Where Sheplates provides AI memory or history functionality, customers may view, modify or delete saved AI interaction history, choices and preferences using the controls made available on the Platform. If a self-service option is unavailable, customers may request deletion through Sheplates Support. Following deletion, Sheplates will cease using the deleted information for personalisation, subject to information that must or may be retained for legal, regulatory, accounting, security, dispute-resolution or other lawful purposes. Deleting AI memory or interaction history does not automatically delete order history, transaction records, account information or other records maintained separately where retention is required or otherwise permitted by applicable law.
- Acceptable use: Customers must not misuse AI features, attempt to bypass safeguards, interfere with automated systems, seek unauthorised access, submit fraudulent instructions, or use AI-enabled features to create fraudulent orders or transactions. Sheplates may restrict or suspend access to an AI feature where reasonably necessary to protect customers, Vendors, the Platform or comply with applicable law.

The Sheplates name, branding, website, software, interface, content and other platform materials are owned by or licensed to Sheplates and may not be copied, modified, distributed, reverse engineered or commercially exploited without permission, except as permitted by law.

Vendor names, logos, product photographs and other Vendor materials remain the responsibility of the respective Vendor, subject to the rights and permissions granted to Sheplates for operating the marketplace.

19. Intellectual Property

The Sheplates name, branding, website, software, interface, content and other platform materials are owned by or licensed to Sheplates and may not be copied, modified, distributed, reverse engineered or commercially exploited without permission, except as permitted by law.

Vendor names, logos, product photographs and other Vendor materials remain the responsibility of the respective Vendor, subject to the rights and permissions granted to Sheplates for operating the marketplace.

20. Platform Availability

Sheplates aims to keep the platform available and operational but does not guarantee uninterrupted, error-free or continuous availability. The platform may be temporarily unavailable because of maintenance, technical issues, network failures, third-party service interruptions or circumstances beyond Sheplates' reasonable control.

21. Limitation of Liability

To the extent permitted by applicable law, Sheplates' role is limited to providing and operating the marketplace and facilitating the ordering, payment and communication processes described in these Terms.

Nothing in these Terms excludes or limits any liability that cannot lawfully be excluded or limited under applicable law, including rights available to consumers under applicable consumer-protection law.

22. Indemnity

To the extent permitted by applicable law, a customer agrees to indemnify and hold Sheplates harmless from claims, losses or liabilities arising from the customer's unlawful use of the platform, fraud, misuse of the platform, or violation of these Terms or another person's rights.

23. Suspension and Termination

Sheplates may suspend or terminate access to an account or platform feature where there is reasonable evidence of fraud, misuse, unlawful activity, repeated abuse of support or refund processes, or material violation of these Terms.

Termination will not affect rights or obligations that accrued before termination.

24. Changes to These Terms

Sheplates may update these Terms from time to time to reflect changes to the platform, business practices, technology or applicable law. The updated version will be made available through Sheplates. Continued use of the platform after the effective date of updated Terms constitutes acceptance of the updated Terms to the extent permitted by applicable law.

25. Governing Law and Dispute Resolution

These Terms are governed by the laws of India. Subject to any rights available to consumers under applicable law, disputes relating to these Terms or use of Sheplates shall be subject to the jurisdiction of the competent courts in Chennai, Tamil Nadu.

26. Grievance Redressal

Customers may raise complaints or grievances with Sheplates through the support channels below. Sheplates will handle grievances in accordance with applicable law and its grievance-redressal process.

Support Hours: Monday–Sunday, 9:30 AM–7:00 PM

Email: support@sheplates.com

Phone / WhatsApp: 9600037836

When contacting Support regarding an order, customers should provide the order number and a brief description of the issue.

Sheplates may update its support contact details from time to time. The current contact details will be made available through the Sheplates website, web application or other official Sheplates channels.

27. Privacy

Use of Sheplates is also governed by the Sheplates Privacy Policy, which explains how personal information and transaction-related information are collected, used, retained and disclosed. The Privacy Policy forms part of the overall terms governing use of Sheplates.

28. Contact

For questions regarding these Terms, customers may contact Sheplates using the support details provided in Section 25.

Important Legal Note

These Terms are intended as a customer-facing operational and contractual document and should be reviewed by Sheplates' legal counsel before publication, particularly for marketplace liability, food-related claims, consumer remedies, subscription practices, taxation and grievance-redressal requirements.

The document has been drafted with reference to the Consumer Protection (E-Commerce) Rules, 2020 and the Consumer Protection (E-Commerce) (Amendment) Rules, 2026. The 2026 amendments were notified in September 2026 and are stated by the Government to come into force on 1 January 2027. Sheplates should review and update this document before that effective date. 毅cite孛turn0search0孛turn0search1傢
